

**PROCEEDINGS OF THE CHIEF ENGINEER, IRRIGATION AND
ADMINISTRATION, THIRUVANANTHAPURAM**

(Present: Sri Alex Varghese)

Sub: Irrigation Department- Release of water from Dams and barrages during summer season-Directions issued-reg

Read: 1. Direction from Government.

2. Irrigation Dams/Barrages water level status .

ORDER NO.PL1-(A)/Mon/22415 /2015 Dated 23/01/2021.

The primary responsibility of Irrigation department during summer season is to cater water demands of the State for various purposes including irrigation. As the summer season is at door step , the department has to come up with a plan for the judicious use of available water for achieving the said objective . On verifying the present water levels of reservoirs /barrages it can be seen that most of the reservoirs have more than 50 % storage. Government also given direction to utilise the available water in the reservoirs/barrages in a wise manner to tackle the water demand during summer season .

Under the said circumstances , all the Chief Engineers who are having the control of Dams/Barrages are requested to take urgent necessary actions / issue necessary direction to concerned officers for the judicious release/ distribution of available water from the Dams/ Barrages for various purposes .

Alex
Chief Engineer
