Tam to invite your attention to the reference cited and to inform you that the performance appraisals submitted along with the proposals for declaration of probation of the following officers—is not sufficient. It is very qualitative; it does not talk about the progress of plan schemes, work of CSS, NABARD schemes, RKI projects, KIIFB projects etc. Hence you are requested to furnish the roles and responsibilities of the officer, quantify them and record his/her quantitative performance. Also furnish the details of works he/she could complete in time. If he/she could not complete projects in time, furnish the reasons for the same also.
